Director, Office of External Affairs
Central Intelligence Agency
Washington, DC 20505

Dear [redacted]

STAT

Thank you for your letter of June 7, 1982. I am writing to tell you of the "behind-the-scenes" arrangements for [redacted] retirement party, and trust that you will convey them to the DCI as soon as possible.

STAT

Last week, Mr. Casey was mailed (to his Agency address) an invitation to Professor [redacted] retirement party. I enclose a copy in the event that he has not yet received it when you speak to him. As much as [redacted] would be elated to see Mr. Casey again, we realize that Mr. Casey's busy schedule may preclude his attending. If that is the case, would it be possible for Mr. Casey to send a telegram/mailgram expressing his best wishes to [redacted] on his retirement and saying something appropriate about [redacted] many contributions to the CIA and to US national security? Although [redacted] does not wish the occasion to become a testimonial, we are planning to surprise him by reading various telegrams from his many distinguished friends in government at an appropriate point in the evening. I know that a telegram/mailgram, or letter from Mr. Casey would please him enormously.

STAT

We are seeking a similar expression from President Reagan, whom [redacted] does not know but admires greatly. If Mr. Casey could intercede with the White House in support of our request, we, at Brown, would be greatly appreciative.

STAT

Mr. Casey may send his telegram or mailgram, preferably before July 12, 1982, to Professor [redacted]
